

Michele Tagliaferri

Michele Tagliaferri is a member of Sidley's Global Life Sciences team, and leads the firm's EU compliance and internal investigations work. Michele represents companies on sensitive compliance, enforcement, and regulatory matters, including government enforcement actions, internal investigations, and legal reviews related to bribery, trade violations, ESG, supply chain and sustainability issues, and violations of Current Good Manufacturing Practice (GMP) requirements.

Michele also advises clients on strategy and compliance concerning EU ESG regulations, including the Corporate Sustainability Reporting Directive (CSRD), the proposed Corporate Sustainability Due Diligence Directive (CS3D), and the proposed Green Claims Directive.
